and reliable.

EVALUATION CRITERIA

A. Product Reliability

1. Vendor / Product track record

Eagle Systems, Inc. - The Depew UFSD has been using Eagle Systems for many years as one of our office equipment dealers. The District has been very satisfied with their equipment and service reliability.

2. Vendor support required

Eagle Systems, Inc. will perform all maintenance and technical support.

3. Ease of use

The District has found the Sharp equipment to be easy to use and the print driver is simple to understand.

4. Support required by RIC / school district

Only initial installation of the print drivers.

5. Potential to become "White Elephant"

None

6. Training requirements

Eagle Systems will provide training for staff.

B. Product-Price / Acquisition

1. Cost effectiveness

Equipment and service/maintenance costs less than the Xerox equipment currently in use by the District.

2. Acquire via NYS Contract or local bid

The Sharp MFP is listed on the New York State OGS Contract PC 59469.

3. Cost of operation and support

May vary by model based on the NYS OGS Contract pricing.

4. Do any legal or contractual issues exist

No

C. Product-Relationship to Other Standards

1. Compatibility to existing Standards

The Sharp Multifunctional Printers have all the features needed plus additional capabilities

2. What other options are available

Optional direct connectors to mail server and many different applications
The Sharp MFP also has remote desktop features for easy administration.

3. Relationship to previous research and changes since that time

D.

BOCES-Service Needs

1. Define and explain the current need

None

2. What existing CoSer and RIC Service does it fall under

Network Printers - CoSer 650, 840, 650, 860

3. What is the scope and size of the school population to be served

The Sharp MFP's will serve the entire Depew District in various school and department locations.

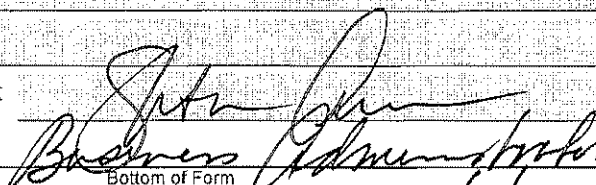

4. Instructional and/or administrative goal supported

The District will have reliable, lower cost devices to handle our printing needs for instructional purposes as well as administrative.

5. Results of survey determining school district interest in using this product
